Focus on JDN Application Clean Room / Pharmaceutical / Food Grade	2
JDN Upcoming Trade Show	2

JDN Monthly Motto

“If better is possible, good is not good enough.”

JDN Joke of the Month!

Drummer Problems

A musical director was having a lot of trouble with one drummer. He talked and talked and talked with the drummer, but his performance simply did not improve.

Finally, before the whole orchestra, he said, “when a musician just can’t handle his instrument and doesn’t improve when given help, they take away the instrument, and give him two sticks, and make him a drummer.”

A stage whisper was heard from the percussion section: “And if he can’t handle even that, they take away one of his sticks and make him a conductor.”

In honor of Independence Day, J.D. Neuhaus L.P.’s office will be closed Friday July 3, 2009

Can customize to suit your requirements!

All sales, service and operators should be certified by JDN. To register for upcoming classes call or email Peggy Weber 800-331-2889 x107, p.weber@jdneuhaus.com

FOCUS ON JDN APPLICATION—CLEAN ROOM, PHARMACEUTICAL AND FOOD GRADE SYSTEMS

The terms 'clean room' and food grade' are used to describe a wide variety of lifting applications, often with little mention as to specific requirements. With years of experience delivering clean hoist systems—J.D. Neuhaus has the knowledge to assist our distributors in specifying the correct hoist to meet a client's requirements and exceed their expectations.

J.D. Neuhaus' standard lube-free air motor, sealed gearbox, and galvanized load chain are the perfect starting point for most wash down, paint booth, and indirect contact applications. Stainless load chain and hook assemblies, FDA white epoxy or nickel plated finishes, and filtered or piped exhaust options can be added to meet the increased demands of pharmaceutical, sensitive electronic assembly, and direct contact applications.

Unexpected process or required maintenance? No problem—J.D. Neuhaus stocks the above options for most of our broad range of hoist models.

Call 800-331-2889 or email p.weber@jdneuhaus.com to request a copy of the J.D. Neuhaus Clean Room—Food Grade Brochure, additional clean hoist information, or to schedule an onsite application consultation.

JDN UPCOMING TRADE SHOW

See JDN at Booth #13
