## OTC 2007

This years Offshore Technology Conference, OTC 2007, will be held from April 30th to May 3rd at the Reliant Center in Houston, Texas. Please attend and visit us at the world's foremost event for the development of offshore resources in the field of drilling, exploration, production and environmental protection. The attendance last year topped over 60,000. You will find us at the German Pavilion, booth number 4934. Stop by to visit representatives from the USA, Germany, France, United Kingdom, and Singapore. All branches JDN will be at your disposal there on April 30th and May 1st. We look forward to your visit at our booth. Please let us know if you're attending and we will issue you a complimentary pass for the show.

## Cement Industry Technical Conference

This year's IEEE-IASIPCA Cement Industry Technical Conference Exhibits will take place in beautiful Charleston, South Carolina from April 29th through May 1st. The exhibit hours have been extended this year to provide the participants with even more time for important networking this year. JDN has always been an integral part of cement production. From the use of our Profi 0.5 TI for moving tools, to our EH 80 lifting the vertical roller mills from the grinder; JDN is in every corner of the plant, reducing downtime. The conference and exhibits will take place at the North Charleston Convention Center. Please join us at booth #130 in the exhibit hall and see what JDN can do for your plant. We look forward to seeing you April 29th through May 1st at the 49<sup>th</sup> IEEE-IASIPCA Cement Industry Technical Conference Exhibit area.

## In a Class of it's Own

### Mini 250

Rugged and Durable Cast Aluminum Pendant

Lock Hook for Safety

This quarter ton air hoist includes features that the competition cannot match. J.D. Neuhaus offers quality, reliability, and durability. With optional lifts of 10, 16 and 26 feet, they are in stock, boxed up and ready to go. The *Mini 250* is truly in a class of it's own.

#### Standard Features

- Lifts 550 pounds
- Lightweight at 23.1 pounds
- Low Air Consumption at 17.5 cfm
- Compact with a 12.9" Headroom
- Variable Speed Pendant
- Chain Container Included

#### Accessory Options

- Push/Pull Plain Trolley
- Manipulator Modification
- Lock Hook for Safety
- Chain Gauge for Chain Inspection

Manipulator Option for Control at the Hook

## WESTEC Recap

Thanks to all those who attended the WESTEC show in Los Angeles California from March 26th to the 29th. The show is billed as an Advanced Productivity Exposition, and truly fulfilled all of JDN's expectations. With over 600 exhibitors JDN was able to distinguish itself in the eyes of several attendees. Features of our Mini that dominated the conversation focused on it's flexibility and performance. Several companies were so impressed by seeing and using J.D. Neuhaus air hoists for the first time they have already begun placing purchase orders for our products. JDN thanks SME, and plans to be part of WESTEC shows in the future.

CAROL WHITE IN ACCOUNTING CELEBRATES A BIRTHDAY APRIL 25TH. CHEERS!
