JDN Air Cranes & Crane Kits

JDN offers Air Cranes & Crane Kits

- ◆ Overhead traveling cranes
- ◆ Underslung cranes
- ◆ Slewing jib cranes
- ◆ Articulating cranes

All can be adapted to your requirements. JDN air hoist in motor trolleys or monorail hoists are integrated in the crane design. JDN has decades of experience—go to the experts!

Advantages:

- ◆ Insensitive to dust, humidity, aggressive atmospheres & temperatures ranging from -4 up to + 158 degrees F
- ◆ 100% duty rating, no downtime, fail safe braking in case of air supply failure
- ◆ Large power reserves due to high starting torque of air motors
- ◆ Overload protection, emergency stop features, pneumatic controls, also w/special functions
- ◆ Special limit switch arrangements for end travel, anti-collision & protected zones
- ◆ Remote radio and special control systems available on request

Call 800-331-2889 or email p.weber@jdneuhaus.com to request your brochure!

All sales, service and operators should be certified by JDN. To register for upcoming classes call or email Peggy Weber 800-331-2889 x107, p.weber@jdneuhaus.com

JDN LARGE CAPACITY HOISTS IN ACTION!

The capacity of JDN Air Hoists range from 275 lb to 200 tons! Our focus here is to highlight one application of a Profi 100TI, 100 ton capacity air hoist.

The J.D. Neuhaus Profi 100TI Air Hoist was used to rig a paper mill digester vessel. Since clearance did not exist to allow lifting the complete vessel, it was rigged in sections. Height of lift for this type of hoist is limited only by the length of chain that can be handled. The long lift here provided the travel needed to lower the top of the digester down to ground level.

J.D. Neuhaus Profi 100TI Air Hoist

Rigging a paper mill digester vessel

JDN hoists are your first choice in unlimited heavy duty applications – and light duty applications — paper mills, shipyards, oil and aircraft industries, power plants and more!

Advantages:

- ◆ Rugged construction
- ◆ Simple design means low maintenance cost
- ◆ Impervious to dust, vapors, humidity and temperatures
- ◆ Unlimited switching and operation frequency

Options Available:

- ◆ Spark resistant packages
- ◆ Offshore paint
- ◆ Delta P overload protection

Call 800-331-2889 or email info@jdneuhaus.com to request your quote or brochure today!
